

NORTH COAST UNIFIED AIR QUALITY MANAGEMENT DISTRICT FUNDING OPPORTUNITY

ON-ROAD HEAVY-DUTY VEHICLES VOUCHER INCENTIVE PROGRAM AND SUPPORTING CHARGING INFRASTRUCTURE

The On-Road Heavy-Duty Voucher Incentive Program (VIP) provides funding opportunities for fleet owners with 10 or fewer vehicles to quickly replace their older heavy-duty diesel or alternative fuel vehicles to zero-emission.

The goal of this voucher program is to scrap and replace older, higher polluting vehicles earlier than would have been expected through normal fleet turnover or by regulation. Fleet owners that operate vehicles with six years or older to the current calendar year engine model year for diesel or alternative fuel engines may be eligible for funding towards the purchase of a replacement zero-emission vehicle.

The North Coast Unified Air Quality Management District (NCUAQMD) will accept applications to fund on-road vehicles with Gross Vehicle Weight Rating (GVWR) greater than 14,000 pounds as well as the battery charging station to support the VIP-funded on-road vehicle during the open application period:

APPLICATIONS WILL BE ACCEPTED: OCTOBER 15, 2023 – NOVEMBER 15, 2023

Actual funding is dependent on California usage, engine model year, and GVWR. For more details including minimum participation criteria and maximum funding amounts, visit www.ncuaqmd.org/vip-grant-program.

Completed applications must be submitted by mail, hand-delivery, or email by November 15, 2023:

- **Mail or Hand-Delivery:** NCUAQMD, Attn: VIP, 707 L Street, Eureka, CA 95501
- **Email:** grants@ncuaqmd.org

For the application form and additional information, visit www.ncuaqmd.org/vip-grant-program or contact District staff at #707-443-3093 or grants@ncuaqmd.org.
